

## PCA Club Racing Porsche Cayman GT4 Clubsport Trophy East Competitor Bulletin

Issue No. 1, February 2016

### NEWS FROM SERIES DIRECTOR F. ALLEN SHIRLEY:

A new year – 2016 – is here, and your new racing series is just around the corner. The first of the six races this season will take place April 1-3 at Road Atlanta, and that's no April Fools' joke. It's time to get fired up!

I know many of you, or we have at least passed each other at our races. The entire PCA Club Racing staff is very excited to get your series moving. Since Porsche Motorsport North America (PMNA) first asked us to host the series last March, many hours have been dedicated to getting it right and to making it the best series in which you have raced!

The purpose of this bulletin is to provide some answers to questions that have been asked and to provide information you'll want over the next two months. My goal is to keep the information flowing. So please don't hesitate to contact me either by phone/text or email. As your series coordinator, I'll be at all of the races to answer questions, solve problems and help you. This is your series. We will certainly try to do anything we can to constantly improve it.

At first, I want to release some information that is time-sensitive. It might seem unimportant, yet it's essential to building this series into an integral part of PCA's Club Racing program. What a perfect way to start our 25th year of Club Racing!

#### • 1. CAR NUMBERS

Please provide me with your top three choices for car number. They must be between **5 and 99**. Once I have everyone's choices, we'll make assignments, and I'll let you know your number for the 2016 season. Along with that, we will provide you or your associated team with number decals, windscreen banners, sponsor decals, etc. We also will provide a diagram for decal placement. Your cars will be delivered in Porsche White, which will lend itself nicely to your paint or wrap design.

#### • 2. SHIRT AND JACKET SIZE

Please provide us your shirt and jacket size. We don't have specific details at this time on shirts/jackets, but we need your sizes so we can order them as soon as possible.

#### • 3. DELIVERY

Delivery of cars will start in mid-February, according to PMNA. The car will be flown into Atlanta and then delivered to your desired destination via the transporter you have requested.

#### • 4. TIRES

Our series sponsor, Pirelli, will provide tires for our races through JX2 Performance Group. Here is contact information for ordering tires:

866-325-5426  
[CustomerService@jx2pg.com](mailto:CustomerService@jx2pg.com)  
[www.jx2pg.com](http://www.jx2pg.com)

- **5. DATA ACQUISITION**

We are in the process of acquiring an acceptable data acquisition system and race cam for the series. Negotiations for both should be resolved in the next couple of weeks, understanding the sense of urgency.

- **6. SERIES RULES**

The rules are being finalized, and we expect to have them available well before cars begin arriving.

Those are the most critical bits of info I have for you now. If you have questions, please email them to me. I may send answers to your questions to others if the topic is a subject that will help everyone. You will start to get periodic updates from me, so please keep an eye out for my emails. Please put my contact info in your phone and computer database:
