

## PCA Club Racing Porsche Cayman GT4 Clubsport Trophy East Teams and Competitors

Vol. 1, Issue No. 7, Oct. 6, 2016

News from Series Director F. Allen Shirley:

### Replacement Headers:

If you have not already done so please contact Ralph Hollack regarding the purchase and shipment of the replacement headers we discussed on last week's conference call with PMNA. (Contact information below)

The other piece of the equation that needs upgrading is the OBD/Can-gateway (order No. MTH610700) that allows external electronics to be connected to the car's internal electronic network. Without the gateway, proper installation and function of any attached external devices cannot be assured. If the gateway is not installed PMNA has informed that they will decline all repair requests and warranty claims if the ECUs and/or CAN-network have been manipulated.
